

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust
Provide the weblink of the institution in not more than 500 words

Educational institutions have to cater for a large number of students coming from rural and backward region and our college also has to perform this hard task of satisfying the educational aspiration of the students and their parents. A major section of people represent the poor or middle class families with weak economic base. As against this background of the students the college is strongly equipped with a good number of qualified, responsible and cooperative teaching and administrative office. Teachers are always ready to give their best to explore the quality and capabilities of the students so that they can combat the socio economic backwardness and ensure their development. The administrative staff offers their full cooperation in this respect. In this concern the following steps have been taken.

- Considering the poor economic base of the some students some amount of money is given to them for their uniform and books from student Aid Fund (SAF).
- Students are made aware of different types of scholarships provided by the state government by the office staff and cooperation from all fronts is ensured to avail them these opportunities.
- Teachers give special attention and efforts to solve the problems of slow learners in the class, pays individual attention during free periods, provide their personal books to them, counsell and financial support if required are some of the strategies in this respect.
- To develop vocational skill of the students, certificate courses for tailoring, beautician and computer, Talley and GST have been commenced since the last session.
